

## **BAB V**

### **KESIMPULAN DAN SARAN**

#### **5.1. Kesimpulan**

Berdasarkan hasil penelitian dan analisis yang telah dilakukan mengenai pengaruh indeks demokrasi, indeks kebebasan ekonomi, indeks perdamaian global dan indeks persepsi korupsi terhadap indeks kebahagiaan di negara-negara ASEAN, maka diperoleh kesimpulan sebagai berikut.

1. Indeks demokrasi tidak berpengaruh positif terhadap indeks kebahagiaan di negara-negara ASEAN periode 2015-2019.
2. Indeks kebebasan ekonomi tidak berpengaruh positif terhadap indeks kebahagiaan di negara-negara ASEAN periode 2015-2019.
3. Indeks perdamaian global tidak berpengaruh negatif terhadap indeks kebahagiaan di negara-negara ASEAN periode 2015-2019.
4. Indeks persepsi korupsi tidak berpengaruh positif terhadap indeks kebahagiaan di negara-negara ASEAN periode 2015-2019.

#### **5.2. Saran**

Berdasarkan hasil penelitian yang telah dilakukan, terdapat beberapa saran yang dapat penulis berikan.

1. Pemerintah di 7 negara ASEAN diharapkan mampu membuat kebijakan yang tidak melanggar hak demokrasi seluruh lapisan masyarakat
2. Pemerintah di 7 negara ASEAN diharapkan melakukan perbaikan pada regulasi birokrasi yang cenderung masih buruk dengan tujuan agar

masyarakat dipermudah dalam berbagai pengurusan izin usaha maupun pengurusan surat-surat lainnya. Dengan dipermudahnya hal tersebut, diharapkan dapat mengurangi kebiasaan masyarakat yang melakukan suap akibat regulasi birokrasi yang buruk.

3. Bagi penelitian selanjutnya yang ingin membahas topik yang sama dengan penelitian ini dapat menambahkan variabel lain seperti pendapatan per kapita, inflasi, pengangguran, indeks kualitas lingkungan hidup dan lain sebagainya serta menambah rentang tahun penelitian sehingga analisis dapat lebih akurat.
